9th October – Club Day

Chat from the Chair…

I'm not the first and definitely won't be the last but these dark mornings make getting up and doing stuff a bit more difficult. The seasons and day light hours are unfortunately out of our control. As one of life's uncontrollables all we can do is make the best of it.

One upside of Autumn/winter is the ground conditions at Newbourne change from sandy concrete during the warm long summer we have just had to sandy porridge mixed in with a little mud and goo. Perfect to test your Landy and skills, whether that's a competition on the Saturday or just the Sunday arrive and drive club days still a bargain at £10 for the day.

Club maintenance weekend was a great chance to tidy up the club site. A special mention goes to Tony R and Mark F for their sterling work on the veranda ramp and steps. Many thanks' lads and to Carol F and Denise M for painting the picnic benches they look amazing and due to your hard work will serve us for a few years to come. Plenty of other jobs got sorted the two lorry bodies that we have for storage had a massive clear out, now we can see the wood through the trees. Old broken gazebos bent poles ripped shelters all got sent to the tip in 3 loads of our secretary's very handy trailer. Thank you for the use of it Graham. The courses got a tidy up in regard to overgrown gorse bushes leaving plenty more to do over the coming months. Great work Tim Toby Tom and Amy (the fire was never out of control trust me!). As is the case with Newbourne the more it gets used the clearer things become and the opportunity to create new routes and features opens up. In addition to the weekend crew, we saw members pop up to provide ad hoc help and support around their other commitments. This did not go un-noticed and was very much appreciated.

On to events and the winch trail at Allen brick works (Sudbury) was nothing sort of awesome 12 sections had been set by Tim D and a few others. These where then attempted by 7 teams over two classes. I say attempted as I'm not too sure of Tim's mind set during setting up. Impossible wouldn't be too far from the truth however every punch was achieved by some teams. Brave boys and Girls you all are if maybe a little bonkers! A huge thanks and appreciation must go to Alex Barrow and family for the use of the site -it really is off road paradise. More to come soon I'm sure wheels are in motion for an extra event in November fingers crossed.

Up and coming events the weekend 8th / 9th October see's the annual ladies tyro. There is a very nice unique trophy for the winner as always with junior tyro incorporated. Nothing too extreme, as per the rules surrounding tyro events. As always there is guidance and support on hand for the novice driver.

Sunday is arrive and drive club day with all the courses open and marshalled by our very own trained team of dedicated members. Help at events is always appreciated and club days are no exception. Learning how to safely recover bogged Land rovers is really only learnt out there in the thick of it. Equally how not to get stuck is also a skill and if the club site or driving off road is new to you, we have more than a few members with many years' experience in driving different conditions all who will be more than happy to sit alongside or coach from nearby in the safe and fun use of the best 4x4 by far. If winching is something you feel you would benefit from then let the clerk of course know a winch trained marshal will guide you through the challenges in the winch hill area for a safe enjoyable experience.

"Hold my beer I got this" is not something your insurance company want to hear unfortunately

Ladies/Junior Tyro Trial

8th October 2022

This event is open to ladies and junior members – junior members need to be thirteen years or older to take part.

The annual ladies and junior tyro trial is next weekend! To those of you who have competed before, those of you who have been thinking about it and those of you who just want to make their 'not so better half's heart rates hit 200bpm, then get your names down and enjoy what is always a cracking day!!

Standard vehicles can compete without any problems so please don't be put off by the word 'trial'.

Scrutineering starts at 9am. Trial starting at 10am, ending around 4pm.

Club members £25 prebooked, £30 arrive and drive. Non-current members also have an opportunity to take part! Non-members can take part with our one-day membership for £5!

Any questions, please email compsec@slroc.uk.com

Look forward to seeing you there!

Forthcoming events

Make over weekend 17th -18th September

SB advised the meeting that there had been very few members offering to their help during the weekend. The use of a digger is no longer available due to the member providing it having other commitments.

It is recognised that the courses are badly overgrown, due to lack of use.

A list of tasks will be displayed on a white board at the Club. Access to the veranda will be a priority. The large 8 seater round tables will be scrapped and no further benches will be purchased until demand for more increases.

PC advised that materials for repairs were available or on order and will be available.

Question time

GW had not received any questions following the notice in Nooze.

Winch Challenge Alex Burrow site

Only four members had signed up for this event so far.

SB confirmed that the Club's insurance cover is limited to the Saturday event only. If members stay overnight, they will not be covered by Club insurance.

Ladies and juniors Tyro

SB confirmed that RG would start to promote this event in the coming days. It should also be included within a Nooze extra.

Any other business

Progress on Qustionnaire outcomes.

GW advised that there had been no response from members regarding the article giving an account of progress against last year's questionnaire following its publication in Nooze.

New members

The Committee were at a loss to understand why most of the new members had not appeared to use the Club?

3rd September event

PC confirmed that the 'corporate' event held on Saturday 3rd September attracted some 12 people and raised £300.10 for the Club.

Websec and website

PC advised the Committee that he has a contact that is prepared to develop a new website for the Club. He then read out a communication from JC outlining a proposal for a team approach to PR, the Website and media management.

Shows

AB advised that she had been in discussions with contacts regarding future opportunities to attend shows at Henham and Framlingham.

Site rent

MH and GW had carried out some analysis of membership, site rent and income. It was agreed to consolidate the information into a form that can be presented to our landlords. This information will be reviewed at the Club on 17th September with the aim of meeting with our landlords soon after.

Membership and fees

Any changes to membership fees will need to be agreed and presented to the membership at the AGM prior to their implementation. Therefore, any changes for 2024 will need to be presented at the next AGM.

Next meeting 16.30 hrs 17th September 2022 Questiontime at Club

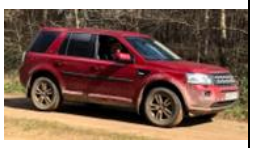

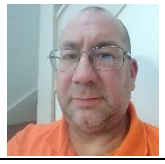

19.30 hrs Tuesday 11th October video meeting.

Meeting Closed 20.37 hrs

Minutes approved.
