Club Social Media

One of the 'background' tasks in conjunction with the website re-development is to increase our social media presence. Social media, if done correctly, can be very powerful, but equally it can be very damaging if got wrong.

MSUK now require the club to have a **'Social Media Policy'** which is being worked on. In the meantime, please check out the club account links which we can use to start building up our social media presence.

It is still the intention that the home of the club has to be the website and all other forms of media are communication mechanisms.

Please note our official web address on page 1, the https://slroc.online address is temporary.

Chat From the Chair

Introduction

Welcome to my penultimate chat, hurrah I hear some of you cry!! This particular episode being written in a university library, whilst awaiting one of my daughter's interview days – making creative use of limited time.

This month, we take a look at the ending position of last year and the starting position of this year, neither of which particularly as planned but hey ho.

Committee Update

I'm pleased to be able to report we have some new volunteers for various positions on the committee and extend a warm welcome to James Prosser and Sam Finch, both of whom expressed interest in the secretary position.

Whilst we can't have two secretaries, there is much admin work in relation to the running of the club and its events so there is more than enough to go round – it may also be that we restructure roles as we have done previously. Further, we do have position of Chair to fill 😊 .

The committee have agreed to co-opt James and Sam whilst we work out the split of duties and ratify these at the forthcoming AGM – Sun 8th March 26 in case anyone was wondering.

Equally, I'd like to express a warm welcome to Kai & Jade, who are taking on the Club Shop. Standby for further updates over the coming months, I look forward to seeing what changes they have in mind with regards to the shop running and its contents. On the subject of the shop, we must say a huge thanks to Spencer who diligently ran this for around 7 years. Thank you Spencer!

One thing for sure is that whatever changes / improvements we are making, it all takes time. Those volunteering on the committee do so utilising their own time and sometimes, life does get in the way.

At the time of writing this, I need to make changes to the relevant emails and access – something else on the job list, but that can be a late night / early morning activity.

Open Request

Whilst we have some volunteers, we still need more. Tim and Tony, our comp secs that have done a fantastic job over the last 3 years putting trials on, are needing a well-deserved retirement, not that they'll go far away.

Nooze has been completed by Zoe & Sam as a team effort and whilst Zoe is stepping back (many thanks to Zoe for her efforts), Sam will continue (thank you Sam). A big part of the club newsletter though is the content provided so please do help Sam by providing interesting content.

Compliance and trial permits are another big part to ensure as a club we adhere to the rules and regulations. It maybe that between James and Sam, this is covered but ideally there would be a dedicated person for this.

An area we continue to struggle with is Marshals and CoC's, sufficient of which are mandatory to ensure safe running of events. Additionally, not only do we require a CoC (Clark of Course), but we should also have a nominated steward. This is something that is being pushed by MSUK and will no doubt become mandatory at some point in the future.

Not to forget, Safeguarding is yet another important role that needs filling that is all too easy to gloss over. It is required for every club to have a licenced Club Safeguarding Officer (CSO), with the role centred around the welfare of children, young

people and adults at risk, ensuring a safe, respectful, and inclusive environment across motorsport activities. Currently, we don't have a CSO and this is now mandatory for our MSUK licence renewal. We have achieved this with the help of the regional association, and an affiliated club who have agreed to help out. Details will be made available at the day-into-night trial and any subsequent MSUK permitted events. This position is not optional, we have been 'helped' as a result of being an active member of the AEMC, but we must seek to ensure we have our own nominated CSO. This person would be trained and accredited by MSUK and must pass relevant DBS checks. Confidentiality, discretion and an independent / unbiased nature are skills required for this role. If anyone is interested, please speak with me and I can put you in touch with the relevant people at MSUK to understand more.

2026 Activities

Right now, we don't know what 2026 fully looks like but at the moment it will be different. Many of you will be aware we had a face to face get together planned in December to discuss and plan the 2026 calendar, but this had to be cancelled due to the unfortunate events occurring last year and the significant efforts required from some on the committee.

You will have seen, we have managed to plan the first 3 months of activities for 2026. We plan to use the February committee meeting scheduled for the 10th to finalise activities for 2026.

At the time of writing, we are very unlikely (almost certainly not) to be attending any Trinity Park events and partly as a result, we have not been able to decide on charity support or shirt sponsors – we have literally had a huge part of our lifeblood taken away and we now need to finish establishing what 2026 looks like for us. You will have heard me say time and time again how important Trinity Park was for our charity fundraising efforts.

For a while now, we have been talking about attending static shows to a) continue to raise money / take donations for charity and b) to increase awareness of SLROC to the local community.

At the time of writing, we still have attendance to Hevingham Hall and Stonham Barns, perhaps we now have an opportunity to improve and grow these shows in conjunction with the event hosts and partners.

In summary, standby for the February edition of Nooze where hopefully the 2026 calendar will be published in full, if not certainly by the AGM.

Mince Pie Driving Day

What a fantastic turn out we had to our annual MPDD and a superb spread of food for us all. A huge thank you to all those involved, for sure it's no mean undertaking.

For those that couldn't make it, a roundup of charity donations is as follows;

Whom	Amount	Primary Use
Supported Charities		
Felixstowe Lifeboat / Coast Patrol	£5,500	Towards new engines for rescue craft
Befriending Scheme	£5,500	Provides a 1:1 support worker for 6mths
Newbourne Village Hall	£400	Support to local community for ongoing upkeep to village hall
Newbourne Church Roof	£600	Support to local community for continuing roof fundraiser
Total donated to SLROC causes £12,000		
Partner Charities		
SAA – Suffolk Agricultural Association	£2296.39	Supports SAA Charity activities (from Suffolk Show)
Heveningham Hall	£206.44	
Total donated to partner charities £2,502.83		

For the first time I can remember (I'm sure someone will tell me I'm wrong), we did retain some of the money raised from 2025. Why? Well because we still want to be able to do some charity support this year and recognise that this year's charity income will be limited. We retained £2458.62. Given that the fireworks event was not part of the 2025 calendar until much later, we didn't run this as one of our regular charity fundraiser shows but instead split the monies three ways, a donation to ActivLives (the organisers chosen charity), an additional donation to SAA as recognition and a thank you and the remainder provided a well needed boost to club funds.

The fireworks event brought in additional funds part of which we've donated;

Fireworks Event		
ActivLives	£806.50	Chosen charity partner of firework event organisers
SAA – Suffolk Agricultural Association	£806.50	Additional donation to SAA following significant amount taken by rides
Additional donations	**£1,613**	

Membership Renewals

As a reminder, membership can be renewed at the renewal rate up until the end of January 2026. If you haven't renewed post this date, you'll be removed from any internal social media channels and will not receive any further issues of Nooze.

AGM

The AGM is nearly upon us again, and as usual will be held in Newbourne Village Hall commencing at 12.30 on Sunday 8th March 2026.

We made the decision to use the Village Hall some years ago, since having an AGM in a cold, wet field in Newbourne, in March really doesn't provide a mechanism for us to discuss important club matters. What's more, if you're lucky, I do provide cakes and biscuits!

As a reminder, only fully paid-up members are entitled to attend the AGM.

As we've done for a few years now, members who attend the AGM can drive the Newbourne courses for free. Why do we do this? Simple really, a) to encourage members to come to the AGM and b) to acknowledge the shorter driving time available from the reduced course opening hours.

The courses will close at 12pm and re-open around 2pm.

May Bank Holiday Event with Breckland Land Rover Club

As I alluded to last month, we have now been formally invited to an event with Breckland Land Rover Club, see details later in Nooze. Personally, I see this as a great opportunity and think it would be great to have a number of our members attending. We do need to work out the finer details and ensure / highlight any scrutineering requirements but standby for further info.

Closing

As I started, this is the penultimate time I'll be closing my ramblings, and I'm thoroughly impressed if you got this far.

I'm sure you can imagine there are now many things I need to do / finish in order to hand over to someone, one of these must be to finish our website and get you all set-up with logins. The vision is that this will be the home of the club via our official address and all events and comms will be put out via here.

I'm sorry it's taken so long but the last 12-18 months have not been kind in any way and thankfully, there is some help coming.

Jeremy

MEMBERSHIP RENEWALS

THERE'S STILL TIME TO RENEW AT THE DISCOUNTED RATE .....

WE HOPE YOU'VE ENJOYED THE PAST YEAR WITH THE CLUB AND THAT YOU'LL RENEW FOR 2026.

RS CLUBMAN
LICENCE RENEWALS

Competitors should have received an email similar to that shown below. If they have not already done so they should go onto the MSUK Sport 80 website and complete the renewal process in order to be eligible to compete in trials in 2026.

MSUK now issue Digital RS Competition licences with a QR code. These can be downloaded to your smartphone/device and added to the Wallet (Google Wallet, Apple Wallet) which often makes it easier to find.

Once the renewal process is complete, competitors should receive a conformation email showing the licence expiry of 31/12/2026 followed sometime later by the digital licence.

Whilst RS Clubman licences remain free, drivers have the option of upgrading their licence for £24.99 for some additional benefits, including a physical card.

If no email has been received it can be worth checking junk folders to see if they have gone there.

There is also a similar process for renewing MSUK accredited marshal cards, for those members that have those.

The system can be a little tricky to navigate. It can be worth looking at the guide documents. If you are having problems, please do not hesitate to reach out for support. Tony Chamberlain will aim to have a laptop with internet connection available at the next few trials to help anyone who is struggling to renew their licence or doesn't have access.

THE RUSSELL HARVEY DRIVERS CHAMPIONSHIP WINNER 2025

Congratulations Josh Short

So where to start, it is an honour to win this driver's shield! I've had a lot of fun this year, taking part in the competitions to gain points to then go on and win this! I personally didn't know Russell, but I feel very lucky to have won this in his honour. I think I have been to every event last year, combined with winning 2 winch comps and joint 1st in another, which helped me with a good chunk of points towards this shield. I've had a great time with everything from the competitive aspect of trials to just chilling out with the social side and the camping. Cheers all.
